Al Danah
Information Systems Solutions

Al Danah is a leading IT Consulting & Solution Provider initially set up with the objective of addressing the growing segment of emerging technology markets. Grapping a thorough understanding of the increasing IT needs of the region; Al Danah is keen to provide world-class business & technology solutions through its partnerships with well-reputed companies worldwide. With office in Ras Al-Khaimah and partners, representatives all over the UAE. Al Danah has proved to be one of the most trusted names as a leading & the 1st IT consulting firm in Ras Al Khaimah .

Established by a team of certified technical engineers, the company has embarked on a mission to become a regional leader in its field, distinguishing itself with excellence and a client partnership oriented approach. At Al Danah ISS we understand that our partners' reputations are reliant on our products and services, and we therefore seek to work with all our associates to develop strong and mutually-beneficial relationships.

Vision

To be the preferred enterprise in IT Solutions & system integrator and solutions provider in the region.

Mission

We will grow our business and extend our market share to earn our customers' loyalty and awareness of our capabilities by delivering on time quality projects utilizing world class services & resources.

Value

The success of company isn't measured just in a healthy bottom line and large market share. Instead, it's the existence of a strong quality oriented corporate culture that ensures clients are happy and keep coming back.

At Al Danah we provide consulting services to our clients on Information and communication technology (ICT), applications and solutions (ERP) to increase efficiency of organization through utilizing technological advancements.
